

TDH03Z

Battery capacity: Lead-acid. 12V/10AH
x3pcs
Wheel size: 24" or 22"
Brake : front cantilever brake & rear band
brake
Motor power: 180W (brushless)
Rated speed of revolution: 175-214r/min
Climbing ability: ≥12°
Rated efficiency: ≥80%
Power consumption: ≤1KWH
Max weight capacity: 100kgs
Speed: 25km/h

Retail Price: R4,400

TDL0126Z

Motor power:350W(brushless)
Battery capacity: 12AH,48v Lead-acid .
wheel size :22"
Climbing ability: ≥8°
Rated efficiency: ≥80%
Max capacity:100kgs
Max Speed: 28.5km/h
Power consumption per 100km:1.2kwh

Retail Price: R4,960

Motor power: 600W
Brushless motor
Battery capacity: 12V×20Ah×4
lead-acid

Max speed: 40km/h

Max range: ≥50km

Charge time: ≤9h

N.W.: 87kg

Climbing ability: ≥20 degrees

Rated efficiency: ≥75%

Power consumption per 100km:
≤1.5kwh

Brake: Front: disc brake Rear: Drum
brake

Retail Price: R7,300

Simplifying Travelling

With the tension of the ever fast paced and crowded South African roads, one needs a solution far less in fuel consumption and free from the burden of the ever brewing traffic. The solution is not far away for any typical average South African who would like to enjoy a fuel free, climate friendly and cost saving mode of transport.

Model: XFG-102FL
 Battery: 12V20AHX2
 N.W. (With battery): 47.5kg
 For one charge: 20km
 Forward speed: 0-6km/h
 Comes with remote control

Retail Price: R11,500

Electric Wheelchair

Model: ST093
 Rear wheel size: 16x2.5"
 Front wheel size: 16x2.5"
 Motor: 600w
 Battery: 12v.
 Max Speed: 15km/h

Retail Price: R10,600

Mobility Scooter

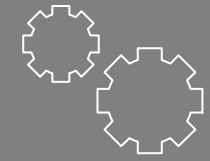

Fly Brother
 Simplifying Travelling...

Model: TD690Z
 Motor power: 1,500W
 Battery capacity: 20Ah/72V lead-acid
 Maximum speed: 43 to 45kph
 Speed distance for 90kg person: ≥60km
 Climbing ability: ≥20 degrees
 Brake: front: disc; rear: drum
 Charger life: ≤ 8 to 10 hrs.
 Rated RPM: 580 +/- 10rpm
 Power consum... per 100km: ≤ 2.5kWh

Retail Price: R11,200

Electric Motorcycle

VALUE SOLUTIONS
 FLY BROTHER SA gives you the most sought after internationally electrically powered bike/bicycle, just a simple 6hour electric charge gives you about a 50km of hassle free travelling.

BEST OF BOTH WORLDS
 Fly Brother electric bicycle is like any conventional bicycle, but is fitted with a state of the art electric motor, battery and controller system. Should the battery power seize the conventional cycling functionality can then be used.

SUPPORT AND MAINTENANCE
 Fly brother offers the best after sales support and maintenance assistance. Should any damage occur the support team will be readily available to assist and supply any worn out or damaged part/parts.
